

55x60 cm special designed washing net with filter. The net collects fiber remains and microplastics during machine washing. . Prevents microplastic pollution in water environments.

## Product information

Marine Eco Filter – specially designed washing net with filter. The net collects fiber remains and microplastics during machine washing. The filter is so tightly that it keeps textile remains as small as microplastics. The fibers remain in the net and are easy to remove and throw away correctly after washing. Reduces release of microplastics. Reduces wear and tear on textiles with up to 70%. Enhances the sustainability because it extends products' service life.

## Washing and maintenance

- Do not use strong alkaline detergents ( $\leq 12$ )
- Use regular detergent ( $\text{Ph} < 10,5$ ) – dose 1/3 of recommended dosage
- Do not use fabric softener, chlorine or bleach
- Use the damp dry setting when using a dryer or set it to cupboard dry, max 60 degrees

**Disposal:** We recommend disposal at recycling centre.

**Material**  
100% polyester

**Colour**  
White

**Max washing temperature**  
90 degrees

**Number of washing**  
500

**Measurement**  
55x60 cm

**Weight**  
145 g

**Guarantee**  
3 years

**Number per package**  
10 pcs.

**Number per parcel**  
100 pcs.

**ISO Production ISO**  
14001 & 9001
