

Kiilto Coffex

Cleansing Agent for Coffeemakers

Cleaning powder for coffee and tea makers.

Application	Coffee reservoirs of coffeemakers, tea makers, glass flasks, thermos bottles, persistent coffee stains, espresso machines, group handles		
Product properties	Effectively removes coffee, tea and milk stains. Keeps the devices bright and clean, preventing persistent staining. Light, easily soluble unscented, uncoloured, dust-free powder. Bleaches and removes stains effectively.		
Instructions for use	Washing glass flasks and thermos bottles 5–10 ml/1 l (one measure = cap = 35 ml). Use hot water, let it work for 10–15 minutes and brush with a soft brush. Rinse carefully. Coffeemaker reservoirs, dose 25 ml/1 l water.		
Note	Coffee machines with a cleaning program are cleaned according to the instructions.		
Composition	Ingredient	Effect	
	Sodium metasilicate	5-15%	Increases the cleaning effect and keeps the pH at a favorable level for cleaning.
	Oxygen based bleach (sodium percarbonate)	15-30%	Efficiency cleaning effect, bleaches stains and removes bleariness.
	Corrosion inhibitor		Prevents from corrosion and darkening of the surfaces.
Solution pH	11.0 alkaline		
Storage	Must be stored in a dry place, tightly sealed. Shelf life at least 3 years.		
Appearance and scent	White powder		
Country of manufacture	FINLAND		
User and environmental safety	The ingredients are environmentally friendly and readily break down in wastewater treatment. Empty rinsed containers can be reused as material or for energy. The transport packages are recyclable.
